

Mobile App Development Training & Job Placement

Two-thirds of adults worldwide are expected to be using smartphones by the end of 2018*—and to keep up, companies are increasingly focusing on mobile first.

Apolis' Mobile App Development Training can give you the qualifications that leading employers want and help you find a solid career path in this rapidly growing field.

HOW IT WORKS**

1. Take our training course for 8-10 weeks, no upfront fees required.
2. Live in company housing while you train.
3. Get a monthly stipend for meals and incidentals.
4. Receive job placement assistance upon course completion.
5. Receive continued mentoring once you are placed.

WHAT YOU'LL LEARN

- Skills needed for Android and iOS native app development
- Course modules taught by expert mobile app developers
- Learn to develop mobile applications from scratch
- Hands-on experience; build 3-4 apps during course

WHY TRAIN WITH APOLIS

Client Base of Industry Leaders: Excellent chance of contracting with top Fortune 100 companies.

Outstanding Placement Record: We place 95% of all course trainees, and we've successfully trained and placed 500+ candidates to date.

Highly Sought Qualifications: Gain the skills to work in ecommerce, healthcare, finance, BLE (Bluetooth Low-Energy) and IOT (Internet of Things).

Strong Benefits and Support: Our contractors receive PTO, health, dental, vision and 401K, plus personalized support while at client sites.

Sponsorship Assistance: We can help you get training and work visas such as CPT, OPT, Sponsor H1B and Green Card.
